Voting is important civic duties that can citizen significantly impact the future of our country. Voting helps to keep politician accountable for their actions and creates the framework for our democracy. Voting also ensures that public officials are paid with tax amount from the people who can afford to pay them.

Environmental conservation is an important initiative that everyone ought to embrace. Nature has provided us numerous gifts such as air, water, land sunlight, minerals plants and animals. All these gifts of nature make our earth a place worth living. But there are some issues causing damages to life and the ecosystem of the earth. It is related to not only environment but with everyone that lives on the planet. The everyday activities of humans are constantly degrading the quality of the environment which ultimately results in the loss of survival conditions on the earth.

To make aware students for healthy democracy and environment, college has decided to conduct these two activities.

Voting in elections helps citizens ensure that the country is granted better rights and protection.

Voting is important civic duties that can citizen significantly impact the future of our country. Voting helps to keep politician accountable for their actions and creates the framework for our democracy. Voting also ensures that public officials are paid with tax amount from the people who can afford to pay them.

Environmental conservation is an important initiative that everyone ought to embrace. Nature has provided us numerous gifts such as air, water, land sunlight, minerals plants and animals. All these gifts of nature make our earth a place worth living. But there are some issues causing damages to life and the ecosystem of the earth. It is related to not only environment but with everyone that lives on the planate. The everyday activities of humans are constantly degrading the quality of the environment which ultimately results in the loss of survival conditions on the earth.

To make aware students for healthy democracy and environment, college has decided to conduct these two activities.
